

Women Moving Mountains: Female Self Improvement / Educational Grant

Summary

Our nonprofit organization, Women Moving Mountains, is dedicated to empowering women through entrepreneurship, education, and community-building initiatives. To further this mission, we are seeking to provide a \$500 educational grant. The purpose of this grant is to provide financial support for women seeking to further their education or develop new skills. The \$500 grant will be used to cover expenses such as tuition, course materials, certification fees, or any other costs related to educational advancement. This grant aligns with our commitment to fostering equitable access to education and promoting lifelong learning for women.

Organizational Background

Women Moving Mountains was founded in 2024 by a group of women committed to fostering economic independence and leadership among women. As a female-run nonprofit, we understand the unique challenges women face in accessing the resources and support needed to succeed in business. Our programs focus on providing mentorship, training, networking opportunities, and financial assistance to women entrepreneurs.

Statement of Need

Access to education is a critical factor in empowering women and improving their socio-economic status. However, many women face significant barriers in pursuing education, including financial constraints, limited access to resources, and a lack of support networks.

Women Moving Mountains recognizes these challenges and is committed to providing opportunities for women to advance their education and skills. The educational grant we propose will address the need for financial or support assistance for women who aspire to improve their mind, body and soul!

Women Moving Mountains: Female Self Improvement / Educational Grant

A \$500 educational grant can make a transformative difference in the life of a woman. For many, even a modest grant can provide the support needed to enroll in a course, complete a certification, or gain new skills that enhance employability or simply just grow their mind. This funding will not only enable individual growth but also contribute by fostering economic independence and confidence.

This grant aligns with our mission to empower women through education and create a more equitable society. By investing in women's education, we help build a stronger community where every woman has the opportunity to reach her full potential.

Grant Criteria:

Eligibility Criteria: The grant will be open to all women in Las Vegas, NV looking to partake in some sort of self-improvement or educational endeavor. *Anyone who has received a grant or scholarship from us within the last 12 months is not eligible to apply this round.*

Application Process: The application will consist of a simple form, requiring basic information, some additional short answer questions and an essay (1,000-WORD minimum format). **What does self-improvement mean to you? How have you already begun this journey, and how will this grant help you overcome obstacles and continue forward?** If you'd prefer to email your story instead of submitting on the JotForm application - please submit to womenmovingmountainslv@gmail.com - make sure to reference your name so we can match applications!

The four co-founders of Women Moving Mountains will review and select the recipient based on criteria such as the potential impact of the grant, innovation, and alignment with our mission.
